Hi Amit,

We are planning for the subtask to have a ceiling of \$200k and start date of 6/16/16. When more is known, we will open a site specific TO for the TC portion of the removal.

Please let me know if you have any questions. Will be sending everything this afternoon.

Hi Laurie,

I am assuming you are referring to the subtask under TO 9019 for the ER. If so, the Fruitland Magnesium Fire Incident will be subtask 17 (unless we intend to create a separate site specific task order from the get go).

Barbara, would you confirm this? Thanks.

Best regards,

Amit Raikar

Hey Amit,

Are you able to respond to Laurie's question?

Hi Zachary,

Is there any way you would be able to tell me what the sub-task # is going to be on the site I inquired about below. Alex is out today and his email said to contact you if we needed help.

Thanks,

Laurie

Subject: Fruitland Magnesium Fire Incident - EQM Contract No. EP-S9-12-01

Hi Alex,

I was wondering if you know what the sub-task # is going to be for the Fruitland Magnesium Fire Incident site? The last sub-task we have assigned is South Gate Fireworks, #016. We will need to do time sheets first thing Monday morning and I won't be able to set our project # up in the system until we know the sub-task.

Thanks for your help,

Laurie Palmer
